You are on the list thru Jan 20. We also included John Martin as a back up if you should need him.

I called Carl to let him know that The FJ Doyle removal would begin site work tomorrow with our contractors. Our current schedule is 7 AM to 5:30 PM and I would touch base with our RM today on next steps for the site and future schedule. Please let me know if anyone has questions about site work or schedule moving forward. I believe that I am the OSC for the site until next week, when Gary is on phone duty and is also on the exempted list. Thank you and please let me know if you need anything else.
